Brand: AXIS

AXIS Workstation

PKR 40,000

SKU: W-WS-001

AXIS is a contemporary single office workstation defined by clean lines, practical proportions, and a refined natural oak and matte-black finish. Its open, partition-free layout creates a spacious and comfortable working environment, while the mobile drawer pedestal provides convenient everyday storage. Designed for professional use, AXIS combines durability, functionality, and modern corporate appeal.

Key Features

- Modern single workstation with a clean, minimalist design
- Natural oak plywood desktop with precise edge-banded finishing
- Strong matte-black powder-coated metal frame
- Mobile three-drawer pedestal for practical office storage
- Suitable for corporate offices, banks, IT companies, and co-working spaces

WOODIXA

OFFICE CATALOG - 2026

Brand: VECTRA

VECTRA Workstation

PKR 45,000

SKU: W-WS-003

VECTRA is a contemporary L-shaped office workstation designed to provide a spacious, organised, and comfortable working environment. Its extended corner layout offers generous desktop space for computers, documents, and everyday office tasks, while the integrated storage unit combines a convenient drawer, secure cabinet, and open shelf for frequently used files and accessories. Finished in refined natural oak with a strong matte-black metal frame, VECTRA delivers functionality, durability, and a distinctive modern corporate appearance.

Key Features

- Modern L-shaped workstation designed for efficient corner placement
- Spacious natural oak plywood desktop with precise edge-banded finishing
- Strong matte-black powder-coated metal frame with full structural support
- Integrated drawer, lockable cabinet, and open storage shelf
- Built-in cable grommet for organised desktop cable management
- Generous legroom with an open, partition-free working layout
- Suitable for executive offices, corporate workplaces, banks, IT companies, and home offices

Brand: ALTURA

ALTURA Workstation

PKR 38,000

SKU: W-WS-004

ALTURA is a contemporary single office workstation designed with a spacious desktop, elevated storage, and a clean professional appearance. Its raised storage section combines a wide open shelf for books, files, and office accessories with a practical lockable drawer for documents and personal items. Finished in refined natural oak with a strong matte- black metal frame, ALTURA offers generous legroom, efficient organisation, and a modern design suitable for professional and home-office environments.

Key Features

- Modern single office workstation with a clean, minimalist design
- Spacious natural oak plywood desktop with precise edge-banded finishing
- Strong matte-black powder-coated metal frame
- Raised storage section with a wide open shelf
- Approximately 18-inch-wide lockable drawer with a practical handle
- Generous legroom with an open, partition-free working layout
- Desktop overhang designed to reduce visibility of the supporting metal frame
- Suitable for corporate offices, IT companies, co-working spaces, study areas, and home offices
